

NORTH SHORE PARK

Miami Beach, Florida

This park project, built for the City of Miami Beach, is completely new and encompasses one entire city block. Project provided two new baseball fields, 10 new state-of-the-art, hydrogrid tennis courts, plus two hard-surface tennis courts. In addition, a two-story youth center, complete with a multipurpose room including a stage, classroom learning facilities, arts and recreational facilities, and a 10,000 SF plus gymnasium facility was built. The project also includes a tennis pro shop facility and other ancillary features to support the park and youth center.
