

SEAVIEW TENNIS CENTER

Palm Beach, Florida

This fast-tracked project consisted of demolition of an existing tennis facility and construction of new tennis facility. The final project resulted in (7) new state of the art Har-Tru / Hydrgrid courts, a practice court w/ hitting Wall and shade shelters. Our scope of work included brick pavers, landscape/Irrigation, storm drainage, water services, tread blasters/court maids, drinking fountains, fencing, court lighting, & concrete curbs.
